

ELECTRALLOY

a G.O. CARLSON Inc. Company

QUALITY POLICY

"Electralloy is committed to being a world class producer of specialty steel product that meets or exceeds our customers' specifications and/or requirements. In an effort to achieve that objective, Electralloy will pursue continuous improvement in the operation through employee training and involvement, efficient planning, reduction in costs and improvement in customer service and satisfaction. Electralloy is further committed to the accomplishment of its goals by providing an environmentally acceptable workplace in the community."
